---

**BREEDER:**

1. Kitten is healthy to the best of the breeder's knowledge at the time of purchase. The kitten had all the age-appropriate vaccinations and worming's and is free of all internal and external parasites as confirmed by a licensed veterinarian at the time of adoption.
2. Breeder will provide a pet record from a licensed veterinarian listing all vaccinations, worming's, treatments (if any) and the dates thus far.
3. The kitten's mother and father were negative for feline leukemia as a kitten and have not been exposed to any outside or unknown cats. The kitten's mother and father are negative/negative for the two known HCM (hypertrophic cardiomyopathy) genes.
4. The breeder guarantees for ONE YEAR that if a fatal defect occurs because of a genetic or congenital defect the breeder will replace the kitten (fewer shipping charges and veterinary expenses). A histopathology/necropsy report (at buyer's expense) from a licensed, board-certified veterinarian is absolutely required.
5. Viral diseases (including Feline Infectious Peritonitis or FIP), parasites or bacterial infections are not covered by this health guarantee.
6. Breeder does not warranty the cat/kitten from any adverse reactions against future vaccinations or any other procedures/surgery performed on the cat/kitten including spay/neuter.
7. The kitten(s) will be registered with The International Cat Association (TICA) as a breeding or non-breeding kitten depending on agreement between breeder and adopter.

**ADOPTER:**

1. These are strictly indoor cats only. DO NOT ever expose to unknown outdoor cats/animals. Allowing your kitten outdoors where it may be exposed to diseases, fleas, ticks, and parasites, voids the health guarantee. Under no circumstances is the kitten/cat to be declawed!
2. Adopter is responsible for ALL veterinary expenses incurred after acquiring kitten(s). If within the 48 hour period, if found to be seriously medically deficient, the breeder will take the kitten back and refund payment, less deposit or shipping charges, under following conditions, the breeder is provided with proper documentation from a licensed vet stating the medical issue and that the cat/kitten is seriously medically deficient; a second examination by a vet of the breeders choice corroborates these claims. The kitten is not guaranteed against respiratory disease, fleas, ringworms or any nuisance disease. After the 48-hour period, the breeder can no longer guarantee the cats health, except for birth defects.
3. Adopter will ensure that the kitten has the recommended routine vaccinations and worming's to maintain the health of the kitten.
4. Adopter agrees to have the kitten spayed/neutered between 5-6 months and no sooner. If done sooner the one-year guarantee will be revoked.
5. Written proof of the neuter/spay from your vet is required if you want registration papers for your kitten(s).
6. If the breeder does not receive proof of the spay/neuter prior to the kitten reaching 7 months of age, TICA registration will be destroyed, and the one-year health guarantee will be revoked.
7. It is your choice whether you want to have your kitten tested for feline leukemia and this is at your expense.

8. Adopter is responsible for allergies, landlord issues, housetraining, and behavior and for understanding the information in the kitten papers you are given: Bringing Home Your New Ragdoll Kitten, Kitten Behavior and Safety.
9. If you should no longer be able to keep your kitten, we will work with you to help you find a suitable home. No refunds will be issued if you are not able to keep your kitten. Kitten is not to be sold under any circumstances. If kitten is found to have been sold or given away, the health guarantee is void and is not transferrable.
10. Breeding of an unaltered Inge's Ragdoll without breeding rights is strictly prohibited. Breeder may elect to proceed with legal action if it is discovered that the adopter is breeding an Inge's Ragdoll. All legal proceedings will take place within County and State of Breeder's residence.
12. If adopter violates any of the terms of this contract breeder has the right to recover the kitten(s) and adopter will comply by returning kitten(s) to breeder with NO REFUND/REIMBURSEMENT.

Adopter and Breeder's signature below indicates full understanding, agreement and approval of the above terms and conditions:
